Brand New Book. Leap Hop is a series of travel books written especially for children by Isabelle Demenge with illustrations by Emilie Sarnel. The idea of the series is to turn a grown-up trip into a fun adventure for children. These interactive books aim at getting children to discover new places and learn about other cultures through interesting information as well as games and activities. For parents, the books provide an ideal way to stick to a grown-up itinerary with a focus on cultural sites, and to create an unforgettable travel experience for their children. Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that I am sure that I am going to go through once more again in the future. I am happy to explain how this is the very best book I have read through in my individual lifestyle and may be the best publication for at any time.

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).
